Reardon Court Extra Care Housing Scheme will offer 70 (64 x 1-bed and 6 x 2-bed) brand new, self-contained, accessible homes for rent. The scheme will provide communal facilities and the availability of 24-hour on-site care for older people who wish to live independently, but may require extra care and support to do so.

The properties at Reardon Court will be clustered around a central courtyard and communal lounge. Additional communal facilities include a multi-use/hobby room, hairdressing/wellbeing room and mobility scooter store for use by tenants living at the scheme.

It's located at the end of a residential cul-de-sac, approximately 1 mile from Winchmore Hill train station and there are bus services on Green Lanes and Firs Lane. The site is sheltered and not adjacent to any busy roads. It is neighboured by a park and school playing fields.

When will Reardon Court open?

Reardon Court is a new build in development. It is currently set to open officially in the summer of 2024.

Who is the landlord at Reardon Court?

Reardon Court will be owned by Enfield Council. It will also be the landlord of the property. This means the Council will set rents, service charges and deliver housing management services at the property (for example, maintenance of communal areas).

Who will provide care at Reardon Court?

A care provider, appointed by Enfield Council's Adult Social Care Service, shall be on site 24 hours a day to provide person centred care to people living at Reardon Court. The care provider will be a separate organisation to the property landlord. The amount and nature of care offered will be in line with the needs of each person.

Who is eligible to apply for housing at Reardon Court?

Reardon Court will be home to a mixed need community. It will promote healthy, active aging and foster a thriving social and community network. The needs of each individual living at the scheme will vary (particularly as people are enabled to remain living in a more independent way for longer). However, to be eligible for consideration for the new scheme, people will need to:

- be aged 55 and over
- be eligible for social housing under the [Enfield Council Housing Allocation Scheme](#)
- be eligible for social care services under the Care Act and require on-site care to live independently
- be in need of an accessible and flexible living environment that is care ready and can be adapted to meet changing needs
- be living singly or as a couple

Is it essential that a person requires care to live at Reardon Court?

Yes. To be eligible for accommodation at Reardon Court, individuals must have a continuous or periodic need for care and be assessed as eligible for services under the Care Act.

A care assessment shall be undertaken by Enfield Council's Adult Social Care team to understand the care and support needs of each applicant and determine eligibility.

Nursing care is not provided on site at Reardon Court.

If a person already receives help with their care needs, can this continue if they move to Reardon Court?

Many people move into Extra Care Housing with a partner or loved one who provides unpaid support and care. There is no reason that this should stop, however the person with care needs should also have a requirement for the on-site care team.

Are leaseholders, homeowners or people with significant assets or savings eligible to apply to Reardon Court?

In line with Enfield Council's allocation scheme, people will not typically be eligible for accommodation at Reardon Court if their household income is high enough to afford to rent or buy the equivalent provision of Extra Care Housing privately and they are not eligible for reasonable preference.

However, specific grounds for waiving the income and savings threshold can be considered by the Emergency and Exceptions Panel to include consideration of the need to meet Council's duties under the Care Act.

The borough accommodates alternative Extra Care Housing Schemes that do consider applications from people with significant income or assets. To enquire about alternative options including Skinners Court (located in Palmers Green) and Alcazar Court (located in Edmonton) please contact Enfield's Sheltered Housing Team on 020 8132 0942.

Do people need to live in Enfield or have a local connection to the borough to be considered for the scheme?

Yes. Applicants will need to have a local connection with Enfield, as defined within the Allocations policy to be considered, or have an exceptional reason for needing to live in Enfield because they need medical treatment which is vital to their long-term health and only available in Enfield.
