Dear sir/madam,

I write in conjunction with the development in Hadley Wood. There is an obvious reluctance in the local community for this to proceed in its current location. Has any other site been evaluated for the development?

Hadley Wood Golf Club possess an area of land to the south of the golf course (approx. 21 acres) is similar in size to the proposed development less than 1km away.

Would this be of interest as an alternative site? or alternatively a site where we could transplant a 9 hole golf facility/park such as Tudor Park in order to free up that site for development there?

I would be grateful if I could arrange a meeting to discuss if this would be of interest.

Kind regards
