

---

Regarding our Greenbelt areas in Enfield, had you been born and grown up here maybe you'd think twice to watch your heritage being ripped away, why cram all these houses in when they will have no facilities for their children, now you want to desecrate all our major supermarkets too. What is wrong with you people, I'm interested do you all live in Enfield? Or do you drive home at night to your country residences. STOP RIPPING THE HEART OUT OF ENFIELD

leave Enfield green belt alone.
