To whom it may concern,

I am writing to Strongly Object to the above draft plan for the following reasons

I have lived in Hadley Wood for some 20 years, with my family my children, who attend Hadley Wood school.

- The proposal will take away valuable green belt land where my children play. The wild life & vegetation will be destroyed.
- The development will overload the existing drainage, Hadley wood is already suffering from flooding as I know from my properties in both Parkgate Ave & Beech hill Ave.
- It is not a suitable location for a sustainable development, with a PTAL 1a/b and would wholly be reliant on cars as transport (further adding to climate change)
- The two primary schools are not big enough to accommodate additional pupils.
- The council have not outlined the 'exceptional circumstances' as to why this specific Green Belt site should be sacrificed for development for 160 homes out of the 25,000 by 2039.
