

To whom it my concern,
My name is Andrew Hunt and my address is 50 Ridge Crest, Enfield, EN2 8JX.

I wish to object to the following elements of the draft local plan in the strongest possible terms:

- 1) Policy SP PL 10, pages 80-87, Figure 3.11.
- 2) SA45, page 364.
- 3) SA52, page 372

These proposals suggest building on Green Belt land which was designated and intended to be sacrosanct from development in perpetuity. Whilst I accept that some change is inevitable in any locale, it is completely unacceptable to build on the Green Belt, more particularly than anything else when these proposals will result in vastly more houses than the number of which the Council is 'required' to oversee construction. Furthermore, the idea that the owner of Vicarage Farm (ref 1) above), who I believe acquired the site through an offshore company purely with a view to profiting from changes to Council policy regarding the Green Belt, should actually do so is highly distasteful. If he does it only encourages more of the same.
