
Local Plan - Site SA45 – Land between Camlet Way and Crescent West, Hadley Wood

I have lived in Hadley Wood for over 20 years and my house backs onto the above beautiful land. This land goes beyond the borough boundary and includes the green belt in Hertsmere and London Borough of Barnet. This is part of our beautiful countryside. I am objecting to the proposed development of 160 homes on this land in the green belt land for the following reasons:

This is a large scale ruin and destruction of Green Belt.

The proposal of a quarter of the 25,000 new homes to be built on Green Belt land, in breach of national policies, the London Plan and Enfield's own Climate Change Action Plan. To build 25% of the new homes on Green Belt land cannot be justified. There is no justification why 160 out of the 25,000 homes should be built on the Hadley Wood site when such a small number of homes could easily be found outside the green belt.

Increased housing in Hadley Wood is not 'sustainable development'.

Hadley Wood is car dependent neighbourhood as local public transport links are very poor, local amenities (GP, post office, schooling, leisure) are lacking and the existing area is prone to flooding due to inadequate sewers/drainage. This Plan proposes the new housing development and site intensification without any investment to improve the infrastructure.

The Local Plan fails to develop/prioritise all brownfield sites. The Local Plan does not have a settlement hierarchy or prioritisation of brownfield sites. Only half of Meridian Water's housing capacity is included in the 20 year plan, that scheme should be able to deliver much more housing given the investment into that area.

The Site is surrounded by Conservation Areas and Grade II listed buildings.

The site is sandwiched between the Hadley Wood Conservation Area and the Monken Hadley Conservation Area, with Grade II listed buildings on Camlet Way.

The Plan's proposals will adversely impact the setting, character and appearance of those heritage assets.

Any development on this site will destroy the beautiful landscape.

The site sits within an Area of Special Character landscape that is a major asset for the borough. The Council have not provided any justification as to why this landscape should no longer be protected or why the existing green belt boundary

should not be retained.

I therefore urge the Council to change the Local Plan to retain the green belt in this location and remove the site allocation.
