

---

I strongly oppose to building on the green belt. We need these green spaces to absorb the pollution and exhaust fumes from the M25. WE NEED TO BREATHE !!! In addition to climate change. What is Enfield 's council stance on that or does money mean more. What about the existing population of Enfield standard of living and health if

they are going to be living in a concete jungle.

There are also concerns about the wildlife that inhabits the Green belt. It's all about money. This Enfield council has already made life more intolerable for the current Enfield residents.

As an Enfield resident we need the GREEN BELT to breathe!!!!
