

---

To whom it may concern

I am writing to express my concerns about the above plan and in particular

Policy SP, PL 10, pages 80 - 87 and figure 3.11.

I oppose the building of houses on the green belt.

SA45: land between Camlet Way, Crescent Way, Hadley Wood page 364

Again I oppose building on the green belt

SA54, page 374 11 hectares of new industrial storage etc.

Again I oppose using this land for such an undertaking, and possibly very ugly buildings

I am extremely disappointed in a council that sends planning permission surveys out AFTER work has been undertaken. I have little confidence that you will also thoroughly read comments about the DRAFT PLAN.

I remain hopeful
