

---

To whom it may concern,

I am deeply against the proposals in your draft local plan as they are unnecessary destroying our green belt. Once it is gone it is gone forever, we owe it to our children to give them a chance. Specifically I am against the following aspects:

Policy SP PL9 pg77-80 and concept plan fig 3.10- 3000 new homes in the Crews Hill area.

SA62 pg 383 & SP CL4 ph 277-279

The large expansion of the Spurs Football Training ground.

SP PL10 of 80-87, figure 3.11 - 3000 new houses on the open green belt near Trent Park.

The decisions you make about our green belt have massive implications for us all, please do the right thing.
