
Sir,

No, No No to building on our Green Belt - this is so depressing AND WORSE SHOCKING!!! to lose our beloved countryside, our famous garden centres at Crews Hill and the ridiculous shopping Centre development you are proposing.

Our roads are already congested, peoples mental health are at an all time high, our wildlife is being eroded and driven off, with excess people, housing, traffic and invasive street lighting. Our planet is at tipping point and you want to lay more concrete, create more flooding, more blots on the landscape, more congestion and don't give a care as to our we all feel about the area we live in.

Enough is enough!! No to building on our green belt and an even bigger no to the terrible architecture you are passing approvals on.

It is not wonder that more and more people are leaving Enfield.

It used to be the London's greenest borough and we were rightly proud of this until you took over!!!!

Look at this shocking list.....

- The 'Spatial strategy' ([section 2.4](#)) which identifies how growth will be distributed across the Borough over the plan period and gives rise to the strategies for housing, employment, town centres and countryside green belt;
- 3,000 new houses at a 'deeply green' 'sustainable urban extension' referred to as 'Chase Park' (also known as Vicarage Farm) on the open Green Belt countryside next to Trent Park either side of the A110 (Enfield Road) between Oakwood and Enfield town ([Policy SP PL 10, pages 80-87, and Figure 3.11](#));
- 3,000 new houses in a 'sustainable settlement' at Crews Hill with the potential for longer term expansion up to 7,500 new homes right up to the M25. ([Policy SP PL9, pages 77-80 and Concept Plan Figure 3.10](#));
- 160 homes in Green Belt countryside at Hadley Wood ([SA45: Land Between Camlet Way and Crescent Way, Hadley Wood, page 364](#));
- Industrial and office development in the Green Belt near Rammey Marsh ([SA52 page 372](#));
- 11 hectares of new industrial and storage and distribution use at what is currently agricultural land east of Junction 24 of the M25 at part of new Cottages and Holly Hill Farm within Enfield Chase ([SA54, page 374](#));
- a big expansion of the Spurs football training ground to the north of Whitewebbs Lane up to the M25, comprising of 42.5 hectares of land, for "professional sport, recreation and community sports/leisure uses" ([SA62 page 383 & SP CL4 pages 277-279](#));
- Encouragement for tall buildings, including in sensitive locations such as the town centre conservation area ([see pages 156-60, Figure 7.3, Figure 7.4 and Policy DE6, and SA2 Palace Gardens Shopping centre page 321](#)). A [higher quality version of figure 7.4](#) is also available, showing proposed maximum building heights across the Borough.

If you are not hanging your heads in shame, then you ought!!
