The first Royal Charter was granted by my 22nd great grandfather Edward I on 8.4.1303 to Humphrey De Bohun my 21 great grandfather and their heirs. I am their heir and strongly object to what you are planning for Enfield Town, ie Skyscrapers. Also your proposal to build on green belt re Enfield Chase. It is wrong so very wrong. Enfield Chase was recorded as Enefeld Chacee in 1325 and has been in existence for over 700 yrs. but Enfield Council deems themselves as sole owners and want to destroy our heritage.
