

---

To whom it may concern,

I am emailing to comment on the Local Plan (June 2021), specifically the proposal to extend the crematorium into the wetlands (the Dell). As part of a local family (I live on Hyde Park Avenue with my wife and two children) who use the wetlands a lot, we would not want to see the already moderately sized park area be reduced. The space is well used currently and any reduction in its size would impact a lot on the local community who use this space. Please let me know if you need any further detail.
