

---

Dear Sir/Madam,

Please remove all reference to Firs Farm wetlands from Policy SP CL4.

I wish to strongly object to the proposal for a crematorium to be erected in Firs Farm.

The reasons are as follows:-

The sheer enjoyment of the local community who use this park for exercise and health and well being and which during Lockdown has been very important.

The closeness of the schools to this scheme, the hospice, sport and leisure facilities.

It will also effect the flood alleviation provided by Firs Farm wetlands which Enfield Council has spent more than £1 million.

Yours faithfully,
