

---

I have lived in Hadley Wood for 20 years and I value all the green spaces within the area. I regularly run locally and I walk my dog here. I therefore object to the proposed site allocation, which would allow the development of 160 homes on Green Belt land.

Please don't destroy such a beautiful pocket of land, there are already so many other planning applications close by. How can Hadley Wood sustain this location? The school is already full and with the parking being removed at Cockfosters tube station, the extra traffic, parking and pollution would be horrendous.

If we remove our green belt land then it's gone forever, we need to conserve it for future generations.

Can you please remove this proposed site.
