

---

As we have lived in Enfield for over 30 years, my wife and I object to having houses built on Green belt especially at Crews Hill and at Chase park(Vicarage farm) on the A110 between Enfield Chase and Oakwood, also between Junc.24 and HollyHouse and around Hadley wood. This just spoils the lovely views which is NOT the right thing to do. You need to do it on brown belt. We also oppose some of the tall buildings in Palace Gardens, Enfield Chase station and Cockfosters. Market towns do not have such tall buildings and this would spoil Enfield as we have been to many market towns. I trust you will take notice of this.
