

---

I am writing to formally register my strong opposition to this plan to replace the Sainsburys on Green Lanes. I believe this would be highly damaging to the local community in Winchmore Hill.

#### Local Facilities

- The loss of a major supermarket in the area will force people to have to drive further. This would especially affect elderly and disabled residents and increase car usage on local roads
- No supporting community infrastructure planned which will lead to an overstretch of existing facilities such as schools, doctors' surgeries, dentists
- With the Fords Grove car park going and 14% of car parking on Winchmore Hill Broadway having gone, this development will lead to a further loss of revenue to local shops leading to potential closures

#### Environmental

- This development will lead to the destruction of habitat and woodlands – the site is home to at least three different species of woodpecker (greater/lesser spotted and green varieties) as well as trees with protection orders (poplars and oak trees)
- In 1986, the Secretary of State allowed planning permission for Sainsburys to be built with the condition that the green space was retained for community use
- The green space is especially useful for residents who live in the surrounding flats and do not have gardens
- The area is used by families and elderly alike, which contributes to the health and wellbeing of all residents of Enfield

#### Other issues

- Inappropriate choice of site given the close proximity of existing traditional historical properties.
- This development will lead to an over development of the area given the recent and future developments along Green Lanes - Travis Perkins, Capitol House etc
- There will be construction vehicle disruption and increased building work traffic on a road (Green Lanes) already congested especially at peak times
- There will be an impact on the skyline of Enfield and not in keeping with the existing character of the area
