Subject: Draft Local Plan - Site SA45 (Land between Camlet Way and Crescent West, Hadley Wood) and Intensification Zone around Hadley Wood station

I have lived in Hadley Wood for several years. My son attends the local school and as a family we hugely value all the green spaces within Hadley Wood. We chose the area as it is surrounded by Green Belt, which protects the special character of the area. I therefore object very passionately to the proposed site allocation, which would allow the development of 160 homes on Green Belt land.

I write this email to make it very clear that my family and many others in the area will object most strongly to the plans to build 160 properties on green belt land.

We need to protect our green spaces, not destroy them
