

---

I am writing to express strong objections to the above redevelopment of Sainsbury's on green lanes for housing.

I am objecting for the following reasons:

- The loss of a major supermarket in the area will force people to have to drive further. This would especially affect elderly and disabled residents and increase car usage on local roads. I walk to Sainsbury's three times a week, and to replace this vital supermarket with housing will increase traffic and associated environmental issues.
- No supporting community infrastructure planned which will lead to an overstretch of existing facilities such as schools, doctors' surgeries, dentists
- The increase in vehicles on the road from potential residents of this development, will increase carbon monoxide levels which will impact locals and especially school children at Highfields school
- The area is used by families and elderly alike, which contributes to the health and wellbeing of all residents of Enfield

Please note this is a strong objection to the proposed plans which I hope will not go ahead.
