
I have lived in Hadley Wood for four years and value all the green spaces within Hadley Wood and was drawn to the locality as it is surrounded by Green Belt, which protects the special character of the area. I therefore object to the proposed site allocation, which would allow the development of 160 homes on Green Belt land.

My objections

NOT A SUSTAINABLE DEVELOPMENT LOCATION. Whilst good growth and development is welcomed, amenities and infrastructure would require significant investment to accommodate a meaningful increase in the number of residents through the development of site SA45 or intensification around the station. This I believe the Council are not prepared to do. Hadley Wood lacks schools, healthcare, shopping and leisure facilities, local public transport is poor and drainage/sewers inadequate. It is a car-dependent location, and key roads operate at over 100% of capacity, and congestion causes air pollution and thus increases climate change effects.

UNNECESSARY AND WRONG. Neither the housing supply nor demand requirement has been adequately assessed. The range of housing need numbers is too wide to justify the necessary exceptional circumstances, and various potential sources of supply, such as SIL sites, have not been assessed. There is also no evidence of compliance with the Duty to Cooperate with other boroughs.

PLAN WILL DESTROY OUR UNIQUE HERITAGE LANDSCAPE. The Hadley Wood meadows under threat are part of the established Green Belt in an Area of Special Character across three boroughs

Can you please therefore remove this proposed site allocation from the next edition of the Local Plan and retain the green belt status for the land.
