

I strongly object to draft policy SA 32 in the Draft Enfield Local Plan, regarding the redevelopment of Sainsburys Supermarket and car park to mixed-use homes and non-residential floor space.

I oppose this policy because:

- The loss of a major supermarket in the area will force people to have to drive further. This would especially affect elderly and disabled residents.
- It will increase car usage on local roads and so cause pollution
- No supporting community infrastructure is planned which will lead to an overstretch of existing facilities such as schools, doctor's surgeries etc.

I call on the Council to put an end to this proposed plan.
