

Objection to draft local plan SA32 Sainsbury's Green Lanes p315, p359

---

The loss of a major supermarket that I can walk to.

Overstretch of facilities, such as schools, doctors, dentists.

Loss of revenue to local shopkeepers, due to the lack of footfall from local residents.

The increase of traffic from residents, traveling to other supermarkets, will increase the carbon monoxide levels & impact on local residents, especially school children.
