

Local plan site SA45- land between Camlet way and Crescent West. Hadley Wood. C

---

I have lived in Hadley Wood for 25 years and regularly walk and enjoy the fields off Bartrams Lane. I strongly object to the proposed release of this green belt sight to allow the development of 160 homes for the following reasons;

This is an unnecessarily large scale destruction of green belt.

The local plan fails to prioritise all brownfield sites.

Other brownfield sites have not been fully utilised.
