

I would like to register my opposition to the plan to replace the Sainsburys supermarket on Green Lanes with housing. This will serve to produce more traffic congestion on Green Lanes particularly after the introduction of the cycle lanes.

Sainsbury provides an invaluable service to the community affording locals far and wide the opportunity to shop and get everything under one roof. If shoppers are forced to go elsewhere and undertake further journeys, this will lead to more congestion, pollution and inconvenience. In addition, the proposed closure will adversely affect the elderly and disabled. The destruction of the woodlands would also adversely affect wildlife.
