

---

Another thoroughly ridiculous plan by Enfield Council to ruin the local area it seems, is the plan to make the commercial space full of fast food establishment and slot machines?... This Sainsburys has been continuously busy for the last decade, serving local residents, so where are local residents supposed to shop now? Green Lanes, Morrisons? That would mean sitting in queues of traffic to get there thanks to the ridiculous road closure scheme...oh wait, we'll shop at Asda Southgate, but that would mean sitting in queues of traffic to get there thanks to the ridiculous road closure scheme by Enfield Council, imagine the pollution levels now!

I whole heartedly object to this planned closure and support many others who are flabbergasted at the way this Council is being run.
