

I would like to raise an objection to the proposed plan to redevelop this site for use as space for new homes and a smaller area for commercial use.

This Sainsbury's is the only large supermarket within walking distance of winchmore hill and is vital to those who do not wish to drive or have a van delivery to their home. There are also many concessions within the supermarket which provide essential amenities to the community.

Replacing this with many homes and a 'Tesco Metro' or alike would take so much from the community - leaving us reliant on food deliveries for weekly shops or we would be forced to buy a car which would add to congestion and pollution.

This will also reduce the amount of green space in the area and would have a negative impact on wildlife and air quality.

We would love to be informed of any public consultations going forward as the loss of this commercial site would impact our ability to live easily in our neighbourhood.
