

---

I am writing to voice my protest of the proposals in your draft local plan to destroy our green belt in Enfield. Living in a flat with only a communal garden, my family and I used our local green belt many times during Lockdown and even without that amazing privilege, I would oppose these works. Future generations deserve to enjoy these spaces, please do not take them away.

Aspects I am particularly against are detailed below.

Policy SP PL9 pg 77-80 and the concept plan fig3.10- - 3,000 new homes in the Crews Hill area.

SA62 pg 383 & SP CL4 pg 277-279 - the large expansion of the Spurs football training ground.

SP PL10 of 80-87, fig 3.11 - 3,000 new homes on the open green belt near Trent Park.
