
RE Objection to SA32 Sainsbury's Green Lanes N21 3RS, Page 351 Enfield Local Plan

I object to you building houses on Sainsbury's site in Green Lanes. It is the nearest Sainsbury's for local people who cannot get to another Sainsbury's without a car. It will cause more pollution when people who can drive have to drive further away to do their shopping, which I thought you were trying to avoid with your road closures which also do not work? I profoundly object these proposals and you will carefully consider your proposals for the community of Winchmore Hill.

1. Loss of major supermarket.
2. NO supporting infrastructure
3. Increase in vehicles on the road from potential Residents

Could go on for ever.....
