

Please don't build houses on the Bertram's fields in Hadley wood

---

I've lived in hadleywood for ten years since I was born and I go to Hadley wood school which is down the road next to bartra lane where you want to build all these houses. I go for walks with my friends in the fields of Bart ram lane every day after school. We do nerf battles and I and play football there. I also walk my door there because it is safe.

I do not want that to stop and I don't know why you can't build them somewhere else
