

Objection to SA32, Sainsburys Green Lanes N21 3RS. Page 351 of Enfield Local Plan. Redevelopment of supermarket and car park to mixed-use homes and non-residential floor space.

---

We cannot continue to add denser developments to an already stretched neighbourhood. With no supporting community infrastructure planned [which will lead to an over-stretching of existing facilities such as schools, doctors' surgeries etc.] it is absurd to grant permission for ore housing in this area. This development will lead to the destruction of habitat and woodlands – the site is home to at least three different species of woodpecker (greater/lesser spotted and green varieties) as well as trees with protection orders (poplars and oak trees). Also note that the green space is especially useful for residents who live in the surrounding flats and do not have gardens Also that he area is used by families and elderly alike, which contributes to the health and wellbeing of all residents of Enfield

Please not this objection and advise on future consultation for this application
