

Objection to SA32, Sainsburys Green Lanes N21 3RS. Page 351 of Enfield Local Plan. Redevelopment of supermarket and car park to mixed-used homes and non-residential floor space

---

I've just heard of this plan to remove Sainsburys and replace with housing. This is the only supermarket in the area, there would be nowhere within walking distance to buy food anymore except limited expensive corner shops.

Where would all the people in these new houses get their food from, and doctors, dentists etc? Aren't all the schools in the area already full, where would the children go to school?

Green Lanes is already packed with traffic, the council have already put in LTNs to stop the traffic, yet all these new houses will need to be able to drive to wherever the nearest supermarket is, to school, to work etc. How will Green Lanes cope with that?

So for these, and other reasons, I object to the plan.
