

As a local resident, please register my objection to the above Draft Local Plan SA 32 Sainsbury's Green Lanes.

Some of the reasons for my objection include:

- This would mean that I would need to drive to a local supermarket, with increased car usage on local roads;
- There would be an over stretching of existing facilities (e.g. schools);
- The remaining green space needs to be maintained for community use - in line with the original planning agreement by the Secretary of State; and
- The green space is important for Well-being purposes and would be detrimental to the community if changed.

Thank you for registering my objection to the draft plan.
