Dear Sir/Madam

I lived in Hadley Wood for 25 years and am a member of the Hadley Wood Association. I value all the green spaces within Hadley Wood and was drawn to the locality as it is surrounded by Green Belt, which protects the special character of the area. I therefore object to the proposed site allocation, which would allow the development of 160 homes on Green Belt land.

The arguments presented against the development of those fields by the HWA seem to me to cover some really important points regarding sustainability climate change and destruction of a unique heritage landscape.

I now live on the ridgeway in Enfield but still return and enjoy the land preserved for the future by the HWA.

Please record my objection to this development.
