

Sainsbury redevelopment 10

Me and many thousand residents are furious about plans to close Sainsbury's store on Green Lanes and build houses on the site. Are you really serious??? You are all mad and have no respect or thought for all the local people who rely on this store, the only supermarket in Winchmore Hill which can serve the majority of the surrounding populous.

This is pure GREED on the council's part....sell as much land as possible, build houses which our young cannot afford, our schools cannot accommodate and our GPs cannot serve.

Shall we now have to drive miles to shop, that will cause more congestion and carbon emissions on our roads and if we do. Or have cars how will we do our weekly shop??.

Come on Enfield councillors, don't be so stupid and disregarding of we council tax payers...
