

Objections to draft local plan SA32 Sainsburys Greens Lane p315 p359 of the Enfield Local Plan

---

I would like to strongly object to the proposed plan to covert Sainsburys land into a housing development. As a local resident this is one of the only affordable supermarkets in the area. Removing this will increase travel time for all local residents for their regular food shop not to mention making it extremely difficult for elderly residents.

I would ask that this plan is reconsidered and that local residents opinions are taken into consideration.
