

Sainsbury's Enfield

Objections to draft local plan SA32 Sainsburys green lanes p315,p359, of Enfield local plan.

The council is crazy to do this. It doesn't make sense my local Sainsburys is always so busy isn't there enough houses and flats being built at the moment when people don't have any money the council what to build more house and flats. Ive been going to this Sainsburys for over 15 years it has everything in there for people why would you do this. A lot of people are not happy. How many people will be out of jobs, where would the next big local place be for people to shop, it will be Sainsburys in Enfield on the A10 or Haringey (which is madness to get to in the traffic in Haringey specially on sat and sun). Alit if people are not happy about this idea and will be soo up set please rethink.
