

Redevelopment of Sainsbury's

---

I am writing to object to the planned development of Sainsbury's on green lanes winchmore hill . The housing would be totally out of character for the area and cause traffic chaos . Green lane is already over crowded at peak hours due to the changes to roads already implemented. When permission was given to build the Sainsbury's it was with the proviso that the green spaces around it would be open to the neighbours/ public to walk and enjoy nature . I live in Orpington Rd so am a close neighbour who would be seriously impacted by this proposal.
