

---

Part of good planning is to create the amenities people need when planning for large scale building of homes. This council consistently destroys amenities to build homes that no one other than desperate people will want to live in. Is this really the kind of people you want to live in Enfield? Because no one else will want to live in this area. You have closed off so many roads taken so many car parks and now you have started on our supermarkets. Who will want to live in an area where you have, due to your policies made life so much more difficult for so many of the residents of Enfield. You have systematically ruined a lovely borough. Please stop and think about the quality of life for the people who already live here.
