

---

We object to a crematorium/burial site being build in or near Firs Farm Wetlands Park and Playing Fields.

The Wetlands are a beautiful, health enhancing (physical and mental), educational site that has been steadily developed over several years whilst Enfield itself has suffered with a loss of shared recreational/green facilities. There are already 02 crematoriums in the local area, on higher up the A10 and one at New Southgate.

The proposal will adversely affect the environment and local traffic and may jeopardise funding from other local community groups (such as Thames Water) at a time when we are meant to be demonstrating are support for the natural environment.

Please cease development plans for the wetlands.
