

I thoroughly object to this plan to destroy life as we know it to build unsuitable housing in this space. Life for elderly people is becoming more restrictive as the council destroys our lives by building high rise blocks in places where we shop. The elderly Do NOT go On line for shopping and the council are already planning to destroy the shopping in Enfield precinct by ruining the precinct in a town which is a conservation and preservation area. Now you want to destroy Winchmore Hill and Southgate. There must be plenty of brown sites to build on instead of ruining green spaces which are essential for the environment and cleaner air for a highly populated area of London

I have been a resident in Enfield 45 years and during the last few years I have watched it being destroyed by unwise and unsuitable projects by local governments.
