

Development of the "Green Belt". [SUBJECT: Development of the "Green Belt".] Vicarage Farm to North of Enfield Rd Crews Hill Golf clu and Nurseries at Crews Hill etc

---

I strongly object to the council's plans for this area of green belt. . I have lived in Enfield borough all my life and I want and also for others who live here to be able to enjoy the countryside as we have. These proposals would destroy the character and uniqueness of Enfield and add massively more traffic to an already extremely busy area.

This proposed housing development would seriously and adversely affect the local infrastructure which already seems at times to be unable to cope.
