

- >
- > We STRONGLY object to the above mentioned proposal.
- >
- > 1. The area is used by families and elderly alike which contributes to the health and
- > well being of all residents of Enfield. It has been a life line to many residents
- > especially during lockdown and at this current time.
- > There are many residents in the are who do not have gardens
- >
- > 2. It will have a huge impact on Firs Farm and Latymar Schools and the the
- > neighbouring sports grounds used by the community
- >
- > 3. Wetlands is used by schools as an educational facility
- >
- > 4. Green infrastructure offers many benefits for the health of both people and the
- > environment and reduces air pollution and slashes carbon emissions.
- > Green space is vital for residents living close to major roads such as the A10
- > motorway
- >
- > 5. The development would lead to the destruction of habitat and woodlands as well
- > as tress with protection orders
- >
