

---

Dear Sir/Madam,

I am writing to express my objection over the proposed plans to develop a crematorium on Firs Farm Wetlands Park & Playing Fields.

The site is in close proximity to Winchmore Hill Secondary School. It is not suitable for children to be so close to a crematorium, my grandchildren attend the school and have already expressed their concern in having a crematorium so close.

With the introduction of a new bus route (456), Firs Lane is already more congested than it used to be. The crematorium will add even more congestion on the road, again right next to the school.

What kind of pollution will be produced in a dense residential area? Would you like a crematorium next to your home? This is a residential area, we are not being considered.

Will house prices be affected with a crematorium proposed so close to houses.

I object to draft policy DM BG16 in the Draft Enfield Local Plan. This allocates Firs Farm Wetlands (Site ID SA59) as a site for burial and/or crematorium use. I oppose this policy because:

1. Firs Farm wetlands is a vitally important community resource, essential to the health and well-being of the local people in many ways.
2. The draft policy directly contradicts Strategic Policy SP CL4 in the draft Local Plan. This identifies Firs Farm as facilitating and contributing towards developing sport and leisure facilities in Enfield.
3. The proposal will significantly affect the local site of Interest for Nature Conservation, and reduce the biodiversity and nature conservation interest of Firs Farm wetlands, contrary to several other policies in the draft local plan.
4. The proposal will reduce the effectiveness of the flood alleviation provided by Firs Farm wetlands, which Enfield Council has spent more than £1 million to provide.
5. The proposal will adversely affect the environment and local traffic, and this has not been properly considered in the integrated Impact Assessment of the draft Local Plan.
6. The policy introduces uncertainty into the future use of Firs Farm Wetlands that jeopardises funding for projects secured by local community groups (e.g.

from Thames Water) that have been endorsed and supported by Enfield Council.

I call on the Council to remove all references to Firs Farm Wetlands from Policy SP CL4.

Regards
