RE: Objection to SA32, Sainsburys Green Lanes N21 3RS. Page 351 of Enfield Local Plan. Redevelopment of supermarket and car park to mixed-use homes and non-residential floor space.

I object to the re development of the Sainsburys and car park and surrounding area. This is valued by the local residents and employs local people. This is the only large family supermarket in my vicinity and I have lived and had worked at (Capitol House) for a number of years. This is not progress.

- The loss of a major supermarket in the area will force people to have to drive further. This would especially affect elderly and disabled residents and increase car usage on local roads. • No supporting community infrastructure planned which will lead to an overstretch of existing facilities such as schools, doctors' surgeries etc. • With the Fords Grove car park going and 14% of car parking on Winchmore Hill Broadway having gone, this development will lead to a further loss of revenue to local shops leading to potential closures.
- This development will lead to an over development of the area given the recent and future developments along Green Lanes - Travis Perkins, Capitol House etc • There will be construction vehicle disruption and increased building work traffic on a road (Green Lanes) already congested especially at peak times. • There will be an impact on the skyline of Enfield and not in keeping with the existing character of the area.
