Dear Sir / Madam

I am writing to object to the draft Local Plan SA32 - Sainsburys Green Lanes p315, p359 of the Enfield Local Plan.

It's my belief that current users of the supermarket, myself included, will have to travel further to shop and that local shops nearby will suffer great loss with people going elsewhere to shop.

There are of course other Sainsbury's, but I find them busy at the best of times; something that will no doubt not be helped by this development.

The work required to undertake the construction, and also from the new residents of the proposed development will no doubt have an impact on traffic on the area too; meaning not only further congestion during peak times and also access to the appointment only barrowell green recycling centre may be affected.
