To whom it may concern

I am writing to appeal against the demolition of Sainsbutys in Green lanes in order to build over 299 flats.

As a longstanding resident of Palmers green Sainsburys provides our families and local community with food, clothing, household necessities which are vital.

Not everyone has transport or is able to access other Sainsburys stores further away.

Which would also increase more car traffic on the roads.

The store is part of our local community a lifeline throughout the local community. Its destruction will also have negative to the value to our homes.

Please do not demolish.
