

---

I wish to voice my objections and concerns for the above Draft Local Plan, as a pensioner I rely on the local supermarkets, if the Sainsbury's supermarket goes how far will I have to travel. I feel the area around Winchmore Hill is already very lacking in large stores with free parking. The lose of this store will also cause more traffic in the area, which I believed Enfield Council was keen to reduce. What about all the extra amenities that will be needed to cater of all the extra residents, doctors (have you tried getting an appointment recently), schools etc, not to mention the strain already on Chase Farm and North Middlesex Hospitals.

I really feel this plan needs to be scrapped and I can't object strongly enough.
