
I object greatly to the reference to Firs Farm wetlands (site ID SA59)
as a site for burial and/or crematorium use.

I object and oppose this policy as I use Enfields valuable green spaces several times on a
daily basis, Firs farm is the closest to me in walking distance, meaning less journeys by
car.

I have used Enfields green spaces to help me recover from a heart attack 4 years ago.
I now have dogs which I exercise 3 times a day at various sites

I object also to building and development on the green belt which are also areas that I
frequently visit and enjoy.
