

---

Dear Sir/Madam

This email refers to Local plan SA32, Sainsbury's Green Lanes N21 - P315 - P359 of the Enfield local plan.

I as a resident strongly oppose to this re development of this site.

We have supported our local store for over 20 years and always use its paths / natural woodland to get to the store. Over the years we have enjoyed the nature and meeting other local residents who are less fortunate in having any green space to their living habitat.

Building homes on this site will further more congest the traffic in this area even more especially with the LTN road closures.

As it stands Parking spaces are very limited due to the Green Lanes Cycle Lane and businesses are struggling as it is , the area is already over populated and any further real estate will only have an impact on our schools , surgeries and residents well being and safety concerns.

This should not go ahead.

Kind Regards
