I am writing to object to Councils plan to erect a crematorium in Firs Farm wetlands

DMB816

1. It is well used by the local community and is necessary benefit fir health and well being especially in these times when people need to be able to use outside space for exercise and mental and physical well being

It is a popular site for all age groups

2.it will adversely effect on wildlife

3.it will significantly effect traffic and congestion and have negative impact on environment

4.it is used by many groups for sporting activities
