
Dear Enfield Council,

My name is Lata Desai. My address is 4 Cosgrove Close, Winchmore Hill, London, N21 3BQ.

I object to draft policy DM BG10 in the Draft Enfield Local Plan. This allocates Firs Farm Wetlands (Site ID SA59) as a site for burial and/ or crematorium use. I strongly oppose this policy because: -

1. Firs farm wetlands is a vitally important community resource, essential to health, and well being of the local people in many ways.
2. The draft policy directly contradicts Strategic Policy SP CL4 in the draft local plan. This identifies Firs Farm as facilitating and contributing towards developing sport and leisure facilities in Enfield.
3. The proposal will significantly affect the local site of interest for Nature Conservation and reduce the biodiversity and nature conservation interest of Firs Farm wetlands, contrary to several other policies in the draft local plan.
4. The proposal will reduce the effectiveness of the flood alleviation provided by Firs Farm wetlands, which Enfield Council has spent more than £1 million to provide.
5. The proposal will adversely affect the environment and local traffic, and this has not been properly considered in the Integrated Impact Assessment of the draft Local Plan.
6. The policy introduces uncertainty into the future use of Firs Farm wetlands that jeopardises funding for projects secured by local community groups (e.g., from Thames's water) that have been endorsed and supported by Enfield Council.

My family and I, therefore, call on the council to remove all reference to Firs Farm wetlands from Policy DM BG10

The Council should instead explore the urgent relocation of the Recycling Centre on Barrowell Green, which is dangerously sited on a narrow residential area creating traffic danger spots and major noise and air pollutions for its residents. The Council will be hearing more from local residents formally in this regards shortly.
